Effective Date: February 6, 2026

These Terms of Use ("Terms") govern your access to and use of the websites, applications, and digital services operated by Inflection Medicine, Inc. ("Inflection," "we," "us," or "our"), including any content, features, or functionality made available through them (collectively, the "Site").

By accessing or using the Site, you agree to be bound by these Terms. If you do not agree, please do not use the Site.

1. Scope of These Terms

These Terms apply solely to your use of the publicly accessible portions of the Site and any related non-clinical digital services provided by Inflection. Certain features or services made available through secure portals, provider platforms, or patient-facing applications may be subject to additional terms, conditions, and agreements presented at the time of access.

Publicly accessible portions of the Site are not intended to support clinical decision-making or the delivery of medical care. Secure clinical portals, provider platforms, and patient-facing applications are governed by separate agreements, informed consent materials, and applicable privacy notices.

These Terms do not govern genetic testing services, clinical care, or medical decision-making. Genetic testing, test results, clinical interpretation, and related services are governed by separate agreements and documents, which may include informed consent forms, provider agreements, and applicable privacy notices.

2. Eligibility and Use on Behalf of Minors

The Site is intended for users who are 18 years of age or older. However, parents or legal guardians may access certain features on behalf of minors, including newborns and pediatric patients.

By using the Site on behalf of a minor, you represent and warrant that: (a) you are the parent or legal guardian of the minor; (b) you have the legal authority under applicable law to make decisions regarding the minor's health information; and (c) you will comply with all applicable consent requirements related to accessing or sharing the minor's health information.

Nothing in these Terms establishes consent for genetic testing or medical care, which must be obtained separately in accordance with applicable law and Inflection's clinical consent procedures.

3. License to Use the Site

Subject to these Terms, Inflection grants you a limited, non-exclusive, non-transferable, revocable license to access and use the Site for your personal, non-commercial use, or if you are a healthcare provider, for professional informational purposes.

You may not reproduce, distribute, modify, or otherwise exploit any portion of the Site except as expressly permitted by Inflection in writing.
